Areas such as this one need more jobs and a brighter future. I would imagine that a wind energy project will provide an interesting career path for many people.

Thank you for reading my letter of support. Please give this wind farm planning permission.

Yours faithfully

RE: Planning application no. Viking Energy Partnership Windfarm

Energy Consents Unit,

Please find below my reasons for supporting Viking Wind Farm.

The wind farm will directly create jobs, but importantly the profits created for the Charitable Trust will allow other jobs to be created across the Islands.

I back the plans for this wind farm and I hope that my letter has helped to fight its case.

Yours truly
